

STOCKHOLM 2026

An aerial photograph of Stockholm, Sweden, showing the city's unique architecture built on islands and connected by bridges. The water is a deep blue, and the city buildings are visible in the background.

“
Nobel Prize breakthroughs
come from collaboration across
disciplines, not solo genius

— Tobias Degsell

Former Nobel Prize Museum Collaborator

“

**Ring your clients on
Friday and ask:
what's worrying
you this weekend?**

— Nicky Mc Grane

A simple habit that builds trust

“

The industry isn't shrinking —
it's recalibrating. The 'nice-to-
have' meetings are gone.

— **Mathias Posch**
